

AUTORAMA! The move-in on Nov. 23rd & 24th was an adventure in itself. Bill drove his '39 from Katy only to have it vapor-lock waiting in line to enter the GRB about ½ mile from the event entrance, so we had to go out and push it along until it would start again. It made it into the building and to the display area under its own power. Lee Brown's '13 arrived in a very "big" trailer,

just like he said it would. He cranked it up (literally), backed out of that trailer, drove to the sign-in table (had to turn it off while he completed his paperwork), and cranked it up again to drive to the club's spot. The rest of our cars made their appearance over both days. Bill & Victoria Seward were able to attend the awards ceremony on Saturday night and collect a couple of awards for the club.

All I can say is WOW! Congratulations! Five of our members entered six cars into this event and all were winners. Stuart Bamberger's '56 Roadmaster Placed, Lee Brown's '13 Touring got Best in Class, Darryl English's '70 GS 455 Stage 1 Placed and his '63 Riviera got Outstanding in Class, Mike Glaz's '72 Riviera got Outstanding in Class, and Bill Seward's '39 Series 90 Sedan got Best in Class. Many compliments were given verbally and in writing in our visitor book. It is exciting to know that the public enjoyed our good ol' Buicks just as much as we do. Looking forward to this event next year (We already have commitment or two for then!)
